EDUCATION

University of New South Wales Kensington, NSW

Bachelor of Science in Computer Science w/ Distinction (76 WAM) *Feb 2022 – Aug 2025*

Relevant Coursework: Data Structures & Algorithms (DSA), Computer Networks & Applications, Algorithms and Programming Techniques, Object-Oriented Design & Programming (OOP), Human Computer Interaction, Operating Systems

PROJECTS

Portfolio Website *March 2026 – Present*

- Built and deployed a static portfolio website using Svelte and GitHub Actions for CI/CD integration
- Applied a simple, minimal design to reduce visual noise, showcasing my work with a modern, timeless aesthetic
- Used Svelte's component architecture to create reusable UI elements, streamlining development

Tech stack: HTML5, CSS3, Svelte, GitHub Actions

Sydney Transport Real Time Tracker *January 2026 – Present*

- Web application that tracks real time stopping patterns and locations on the Sydney Trains and Metro networks
- Coordinated real time data integration between Angular frontend and ASP.NET Core backend
- Reduced loading time of stopping patterns to under 1 second through optimising database queries

Tech stack: TypeScript, Angular, C#, ASP.NET Core, MySQL, GitHub, Docker

Baked By Dora: Bakery & Cafe (BBD) Website *December 2025 – Present*

- Item showcase and online ordering system for BBD, emphasising mobile responsiveness for mobile users
- Minimalist website design to reflecting the BBD's visual identity while ensuring strong UX interactions
- Implementing real time shopping cart updates and order tracking, powered by Supabase

Tech stack: TypeScript, Next.js, Tailwind CSS, GitHub, Docker, Supabase

EcoM Platform for Sustainable Investment | *UNSW Capstone Project* | ***Grade: HD (90)*** *Sep 2024 – Nov 2024*

- Led a 6-member agile team as Scrum Master to develop an interactive ESG investment dashboard
- Designed mobile-responsive UI, supporting analysis of large datasets consisting of over 1 million metrics
- Optimised API calls by reducing database query times to cut load times by over 40%
- Created Figma storyboards to enhance UX and coordinated evolving client feedback integration

Tech stack: TypeScript, React, Tailwind CSS, Prisma, GitHub, Jira, Docker, Confluence, Cypress, OAuth2

WORK EXPERIENCE

Barista Jan 2025 – Present

Baked by Dora (BBD): Bakery & Café *Hurlstone Park, NSW*

- Delivering warm, personalised service to 150+ customers daily, achieving 92% positive feedback
- Streamlining operations to cut wait times by 20% through precise order management and teamwork, fostering a cooperative and efficient working environment

LEADERSHIP EXPERIENCE

Training Lead @ *UNSW DevSoc* *Jul 2025 – Sep 2025*

- Mentored with my co-lead 2 trainees in building an MVP project within 10 weeks
- Practised agile methods throughout the project (daily stand-ups), allocated tasks to trainees in meetings
- Guided trainees for a successful demo on presentation day, which was well-received by judges and audience

SKILLS

Programming Languages: C/C++, JavaScript/TypeScript, Java, Python, Shell, SQL, HTML/CSS, Rust, C#

Frameworks: Node.js, Express, React, Tailwind CSS, Next.js, ASP.NET Core, Angular, Svelte

Tools/Databases: GitHub, PostgreSQL, Docker, Jira, Confluence, MongoDB, Supabase, MySQL
